ENJOY EASY ACCESS WITH

DAYLITER ROOF DOORS

Dayliter Skylights unique roof door is a stylish and reliable means of entrance onto roof top patios, increasing the usable space of your home and bringing more light inside.

Great for both residential and commercial application, this exclusive product is currently available in a dual glazed glass model (5:12, 7:12, or 9:12 pitch).

The vinyl curb-mounted (VCM) thermally broken roof door is a factory assembled unit consisting of an extruded vinyl base with condensation gutter and weep holes; all corners are fusion-welded to ensure an effective watertight frame.

Some of the benefits of this unique product include:

- Opens to the height of a standard door (80")
- Glass Roof Door U-value of 2.75 (0.48 double glazed)
- Cardinal LoE 366 Argon Gas Filled Tempered Safety Glass
- Air, Water and Wind Load Resistance
- Distributed Load Test & Corner Weld Test
- Heavy Duty Pistons and Interior Latches
